No. 68566-T

## APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Date of filing in State Engineer's Office MARCH 11 2002

Returned to applicant for correction \_\_\_\_\_

Corrected application filed \_\_\_\_\_

Map filed MARCH 11 2002

\*\*\*\*\*

The applicant **Newmont Gold Company** hereby makes application for permission to change the **point of diversion of a portion of water heretofore appropriated under permit 56610**

\*\*\*\*\*

1. The source of water is **Underground; Deepstar Mine; DS Portal**
2. The amount of water to be changed **0.0769 cfs; 55.67 acre feet**
3. The water to be used for **mining, milling, and dewatering**
4. The water heretofore permitted for **mining, milling, and dewatering**
5. The water is to be diverted at the following point **Within the SW quarter of the NE quarter of section 31 of T36N, R50E, M.D.M. at a point from which the NE corner of said section 31 bears N39°28'26"E a distance of 3,367 feet. (See attached map)**
6. The existing permitted point of diversion is located within **the SE quarter of section 31, of T36N, R50E, M.D.M., at a point from which the SW corner of said section 31 bears S71°35'28"W a distance of 4,284.71 feet.**
7. Proposed place of use **same as existing**
8. Existing place of use **sections 17-20, 31 and 32, T36N, R50E, M.D.M., and sections 3 and 10, T35N, R50E, M.D.M.**
9. Use will be from **January 1 to December 31** of each year.
10. Use was permitted from **January 1 to December 31** of each year.
11. Description of proposed works **Trenches collecting underground seepage to sumps equipped with portable pumps and pipelines to a totalizing flowmeter, and then to the place of use.**
12. Estimated cost of works **fifty thousand dollars (\$50,000)**
13. Estimated time required to construct works **N/A**
14. Estimated time required to complete the application of water to beneficial use **N/A**

15. Remarks: This application is submitted according to Well Spacing Order 1038.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion of a portion of the waters of an underground source as heretofore granted under Permit 56610 is issued subject to the terms and conditions imposed in said Permit 56610 and with the understanding that no other rights on the source will be affected by the change proposed herein. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. This source is located within an area designated by the State Engineer pursuant to NRS 534.030.

This temporary permit will allow the permittee to dewater the pit area and underground mine workings in the interest of the best and most efficient management of the resource, any water obtained as a result of the dewatering operation of Newmont Gold Company will be used first by the permittee for mining, milling, heap leaching, drilling, road watering and other related mining and milling uses (hereafter referred to as mining and milling uses) before usage from the water supply wells.

All water pumped from this temporary permit shall be utilized or infiltrated back into the Boulder Flat Groundwater Basin. If such disposal of the water becomes unrealistic, a written request with supporting documentation why such discharge is necessary must be submitted and approved by the State Engineer before such discharge takes place.

The total combined consumptive duty of water under Permits 49960, 50688, Certificate 13878; 50939, Certificate 13880; 51074, 51750, 51963, 52354, 52795, Certificate 13396; 52797, Certificate 13397; 52999, 53000, 54335, 54337, 55127, 56607, 56608, 56609, 56610, 56611, 56612, 63984, 63985, 63986, 63987, 63988, 63989 and Temporary Permit 68566-T will not exceed 2,000 MGA (million gallons annually).

The pumping rate under Permits 63984, 63985, 63986, 63987, 63988 and 63989 shall not exceed 25,000 g.p.m. (gallons per minute).

The water approved under this temporary permit may be diverted to storage allowed under Primary Permit 64229 into the TS Ranch Reservoir (J-320). Any use of the primary storage right must be authorized through subsequent secondary permits issued thereunder.

The permittee shall submit a report to the State Engineer by February 15<sup>th</sup> of each year detailing a water management plan. The management plan must include: (1) the expected pumping for the next year, (2) the expected or proposed methods of disposal, (3) a summary of the pumping and water level measurements for the previous year, and (4) an exact location of each well drilled or abandoned for the previous year.

(CONTINUED ON PAGE 3)

The permittee, on a schedule acceptable to the State Engineer, will prepare and present an update on the activities of the mine, the monitoring program and the water management plan on a periodic basis, but not less than two times a year.

A monthly report will be submitted to the State Engineer within 10 days after the end of each month that will include measurement of the volume of water pumped and the volume of water consumptively used for mining and milling purposes project wide.

This temporary permit is issued subject to the Water Management Plan and Water Management Plan Addendum among Barrick Goldstrike Mines, Inc., Newmont Gold Company, and TS Ranch Joint Venture dated May 1, 1989, on file in the Office of the State Engineer.

This temporary permit is issued subject to, and also incorporates the terms and conditions set forth in the State Engineer's Order No. 1038, Order Adopting Rules for Well Spacing and Modifications of Regulations for Water Well and Related Drilling (January 1960) in the Northern Area of the Heretofore Designated Boulder Flat Ground Water Basin (4-61) dated March 29, 1991, on file in the Office of the State Engineer.

The State Engineer retains the right at any times to require the permittee to cooperate in the funding of additional monitoring and modeling by an independent third party. The State Engineer retains the right to impose future conditions as necessary upon review and evaluation of all data submitted reporting on the dewatering plan.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate land.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from the State, Federal and local agencies and is specifically issued contingent upon approval by the Nevada Division of Environmental Protection of the dewatering project.

All of the above stated conditions are issued subject to having no adverse impacts on existing rights.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on **July 24, 2003** at which time all rights herein granted shall revert to the right being changed by this temporary permit.

(CONTINUED ON PAGE 4)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0769 cubic feet per second, but not to exceed 55.67 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

Proof of completion of work shall be filed before:

Water must be placed to beneficial use on or before:

Proof of the application of water to beneficial use shall be filed on or before:

Map in support of proof of beneficial use shall be filed on or before:

IN TESTIMONY WHEREOF, I, HUGH RICCI, P.E.,

State Engineer of Nevada, have hereunto set

my hand and the seal of my office,

this 25th day of July, A.D. 2002

  
State Engineer
